

# WFDF NEWSLETTER

Volume # 1-89

Date 04-89

## The WFDF office has moved.

I have moved, therefore the official WFDF adress has changed. We bought a house a couple of months ago and has spent the last couple of weeks moving all things. Yesterday the phonecompany came and reinstalled the phonline for my computer so now the WFDF forum is in working order again. I have also recieved a new and better version of the software so when that is installed a lot of new features will be there, one is the possibility to play games.

The new adress is:

*WFDF  
c/o Johan Lindgren  
Gnejsvägen 24  
852 40 Sundsvall  
SWEDEN.*

Phone is still the same:  
46-60121497.

And to WFDF forum:  
46-60115371.  
To call there you need a computer and a modem. You can call on 1200 or 2400 baud with parameters N81.

**BBS boards**  
Please include the above in your publications. WFDF is also interested in a contact in Australia/Far East interested in running a similar board. WFDF can provide software.

### The new rulebook is here, soon!

The 1989 rulebook is going through the printing process and will soon be mailed to the WFDF member associations. This year we will mail you a number of copies in the understanding that you will pay afterwards for the copies you sell. And if you need more please order as many as you need. The rulebook will also be for sale at major tournaments.

The final documents for the Congress in Colchester, England, july 24-25 1989, will

be printed and distributed in late may. So if you have suggestions for the Congress or other material that you want included in those documents please send them to me so I have them by mid-May. That also applies for tournament invitations for the coming autumn and winter.

WFDF is also interested in bids for the World Individual championships in 1991.

WFDF needs a representative for the GAISF General assembly in Budapest in october.

**WFDF, c/o Johan Lindgren, Gnejsvägen 24, 852 40 Sundsvall, SWEDEN.**
