WFDF

WORLD FLYING DISC FEDERATION

2-89

This mailing contains almost all documents for the Congress in Colchester, England, July 24th 1989. What is missing is the financial report which Jacques Boetsch has promised to compile and mail separately to all associations and to be present at the Congress.

Do you have some questions that you may have answers for:

) Is anyone interested in hosting a WFDF bulletin board somewhere in Asia/Australia? If you have the hardware I can supply the necessary software.

) Is anyone interested in representing WFDF at the GAISF Congress/General Assembly in Budapest, Hungary in October? Unfortunately WFDF can't cover your expenses.

) Has anyone good connections with a stable manufacturer of medals? WFDF is investigating the possibility to design a standard medal for all WFDF World Championships. The organisers of the tournaments can then order the amount they want with the inscription on the back suiting their tournament.

) Have you got any good ideas for financial support of WFDF?

Any answers or suggestions can be made to the WFDF secretary:

AGENDA with Explanations and Suggestions

§ 1 OPENING

The Fifth World Flying Disc Federation Congress will be opened.

§ 2 PARTICIPATION

Participating delegates will be listed and a voting list will be drawn up. Each association is allowed to send 5 representatives to the Congress but only one of those has the right to vote. The association must have payed the fee to WFDF to receive a vote.

§ 3 SUMMONING

Has the Congress been summoned according to the statutes?

§ 4 FORMALIA

Election of a chairman to lead the Congress. Election of a secretary for the Congress and election of two officials for counting votes and signing the minutes from the Congress.

§ 5 ALTERATION OF THE STATUTES

There are none explicit suggested, but Danny McInnis has a question concerning timeschedule and voting procedures in the committees. See his letter in this documents.

We have also the committees beeing elected. The PR-committee and the DDC-committee are not written into the rules.

§ 6 ANNUAL REPORT

The report over the last years activities of WFDF. Please read the enclosed information.

§ 7 ANNUAL FINANCIAL REPORT

The report over the financial side of WFDF. It is not ready yet and neither is last years report ready, but Jacques Doetsch, treasurer, promises that he will make a complete report from his election up til now and present it at Colchester. At the same time he expresses his desire to be replaced as treasurer since his work takes so much time and he does'nt have time WFDF.

§ 8 AUDITORS REPORT

The auditors comments concerning the work of the WFDF board. Since the financial report is not ready the auditors report can't be ready neither.

§ 9 FREEDOM FROM RESPONSIBILITY

Question of whether the board is to be given freedom from responsibility for the past year.

- k) Election of a Disc Golf Committeeé (DGC)
- l) Election of a Freestyle Committeeé (FSC)
- n) Election of DDC and PR-committeeés?

§ 11 MEMBERSHIP FEES

Decision on membership and other fees. There should also be a discussion on how to pay these fees, since Jacques says that the small membership fees are almost eaten by bankcharges.

§ 12 PLAN OF ACTION

The obvious things are rolling now, like rules updates, records and such. The big work for WFDF should lie on the educational side with aiding the member associations in organising and spreading the sport. BUT it is inevitable that this task is costly and the money coming in is just enough to keep WFDF with stamps, GAISF fee, printing costs and so. To expect more from WFDF we must find ways to aquire more money for WFDF. Where and how that can come must be the big question here. We can't expect elected people giving their free time to also pay for the development.

§ 13 BUDGET

As long as the financial side looks as it does there is not much to budget. It just about cover the minimal costs. But if §12 give any positive ideas we can discuss what to aim for here.

§ 14 PROPOSALS

I (Secretary) has done some investigation in the possibility of developing a standardized medal for all WFDF world championships. The medal shoul look

xactly alike on the front and be clean on the back so we can engrave which tournament, date, and division. There should be gold-silver-bronze and maybe iron medals. Since many events are played with four finalists. The medal should be given to all individual medalists and to all persons playing in teams. If this is a good idea we must find a company that has reasonable prices for setting up the medal, and producing each years demand, but also be a company that does not disappear after a couple of years.

have also a question concerning age limits for divisions. I have the firm belief that we decided that the age limit should be calculated on yearly basis. so if you turn 19 during the year you are allowed to compete in the juniors team throughout the year. I think this is important since this is how school-classes are made up and many teams are formed from schoolmates. If you calculate the age limit on the day of birth you might break teams that are competing together.

there is also a question on the relationship between the 9th edition of UPA rules and the WFDF rulebook.

we have further the GAISF General Assembly in Hungary in October if anyone is interested (at their own expense) to go there.

§ 15 MOTIONS

no motions has been received.

§ 16 WORLD CHAMPIONSHIPS

in 1990 we have the World Ultimate and Guts in Oslo, Norway.
in 1991 we have a bid from Toronto in hosting the World Ultimate Club champ.
in 1991 we should have a World Individual Championship. Bids???
in 1992 we have the World Ultimate and Guts in Tokyo, Japan.
in 1993 we have nothing so far. Bids???

§ 17 HONORARY MEMBERS

no nominations for appointing Honorary members has been received.

§ 18 CLOSING

This will close the Congress. But we hope that the above will run quite fast so that we can spend some time in the various elected groups discussing matters and future work.

World Flying Disc Federation STATUTES

=====

(As decided by the Congress in Helsingborg, Sweden 14-16 Aug 1985)
(Revised by the Congress in Colchester, England 23-24 Aug 1986)
(Revised by the Congress in Ft Collins, USA 15-16 Aug 1987)

1:0 ORGANISATION

1:1

The World Flying Disc Federation (WFDF) unites and represents flying disc associations world wide.

1:2

WFDF is an impartial governing body that has no commercial links with any one manufacturer or retailer of discs or disc-associated products.

1:3

The supreme body of WFDF is the Congress, either regular or extra. The federation is directed by the WFDF-board, assisted by the committees.

1:4

Official publication is the WFDF-newsletter.

1:5

Financial year is from April 1 to March 31.

2:0 AIMS

2:1

To encourage and protect the SPIRIT of flying disc play where as partners rather than opponents we compete against the limits of our own abilities rather than each other. Where in a climate of peace disc play may be appreciated for its ability to bring people together in a communal rejoicing of skill and play. "Ultimately, in playing together we learn to live together."

2:2

To encourage disc play throughout the world and promote the establishment of new national flying disc associations, advising them on all flying disc activities and general management.

2:3

To achieve general acceptance of disc play as a sport.

2:4

To provide a forum for discussion on all aspects of disc play worldwide and to arbitrate between flying disc interests when and where conflict might arise.

2:5

To establish and uphold a tournament standard for all flying disc competition worldwide. To fairly distribute the right to organise World Flying Disc Championships to interested associations and to sanction other international tournaments.

Provisional members get information and can take part in the WFDF-activities but do not have the right to vote at Congress. Provisional members pay half membership fee. Provisional membership is reviewed at each Congress.

:2

To become a member of WFDF an association has to apply for membership in writing to WFDF, submitting documents covering the association's statutes, organisation, activities, members, financial status and possible official recognition. The application is decided on temporarily by the WFDF-board and finally by the Congress. To be accepted as a member the association's statutes and work must not contradict the statutes and aims of WFDF.

:3

A member association which violates the statutes of WFDF or in any other respect is working against the development of flying disc play can be expelled from WFDF by the Congress. If the violation is severe the WFDF-board can suspend the association until the next Congress.

WFDF ANNUAL REPORT 1988-89

The work on the rulebook has continued with the third edition printed during the spring of 1989. The board decided to send a number of rulebooks to each association in the hope that the associations can sell these and then send the money to WFDF. Last years edition has in large numbers been left unsold. Spreading them closer to the players might improve distribution. For each year that passes the changes in the rules are smaller and smaller and it is mostly finer adjustment that needs to be done until, eventually any big developments occur in the sport which needs to be covered by the rules.

The biannual reports has been collected, but the number of associations that has fulfilled the "obligation" to submit the report twice a year can easily be counted. There are still associations that has not submitted their report at all, and many who has not done so this year. See the attached list and check if your association has answered this year. If not do so immediately and a new list can be produced before the Congress.

WFDF started cooperation with the UPA bulletin board system and in late November opened a WFDF forum in Sweden. The board contains different sorts of information like tournament invitations, results, discussion forums, rules, statutes etc. It is open 24 hours a day. The usage is not that high yet but as the news of the board slowly spread it can be an important source of information exchange for the flying disc society worldwide.

Due to financial considerations the board has not held any phonemeeting this year but kept contact with letters, tapes and normal phonecalls. A phonemeeting with the five members of the board lasting for about half an hour costs about 500 SKR.

Dear Johan:

I hope this correspondence finds you in good health. Regarding your request of April 21, 1989, please be advised that the Rules Committee's only task was to update the Rules for 1989. As far as the involvement in the Committee members, due to the time constraints imposed on us to get the Rules finished for printing, I was unable to call upon any of the members to assist me in the revisions. Accordingly, I did the revisions myself and forwarded copies to some of the Committee members for their approval. The names and addresses of the Committee members are listed on the attached sheet.

If you need anything further, please feel free to contact me.

Very truly yours,

FRY & GOLDEN

Dear Johan:

I am sorry to report that the Disc Golf Committee under my leadership has not been very active. I was not informed by Ted Smetkas when I would become Chairman, and I have been kept very busy with my position as Commissioner of the Professional Disc Golf Association. I have been using Dan "Stark" Roddick as my liaison with WFDF.

Two areas that have been (or will be) very active in the WFDF Disc Golf Committee are the rules and technical standards for discs. Since I have not utilized my committee people, I am unable to comment on their commitment to WFDF. However, I assure the WFDF Board that I will dedicate myself to making the WFDF Disc Golf Committee one of the most active in WFDF.

I am currently planning to attend WFDF Congress in Essex, UK, if I can get vacation. I am looking forward to meeting you!

May the winds be mild and the baskets be fair.

Dear Johan,

The DDC committee was in the position of fine tuning the rules this year, after our major re-work last year. I have enclosed copies of my correspondence to the members and the schedule I gave them to work by for your information.

We did have a couple of challenging decisions stymied by tie votes which were ultimately decided by me as chair. This caused some questions to be asked about how committee votes should be handled. Since we had no guidelines on how to settle such issues, I think it would be good to have a standard for committees to follow when they are trying to settle difficult issues. For instance, should the chair be a non-voting observer, voting only in the case of a tie or should he have a vote on all issues? What should the number of committee members be? I suggest the committee be an odd number (7 including a voting chair) to avoid the possibility of ties on voting issues.

All committee members corresponded and worked hard with the exception of Nobuya Kobayashi, who was less active due probably to his involvement with the Japan Open golf tournament. I recommend that he be replaced on the committee.

In an effort to achieve a fresh perspective I am stepping down as chairperson. I am willing to continue as a committee member. I would suggest Scott Zimmerman as the new chairperson, although I'm sure elections will decide the matter.

I am confident the committee has produced a set of rules that will only need fine tuning each year and that DDC play has been served well by the work of these dedicated enthusiasts.

Best regards,

Danny McInnis

I would like to propose a change to Article I - 103.03 Rule Changes. I suggest changing the date that committees shall submit their proposed rule changes from October 1 to November 1, in an effort to give these committees as much time as possible to work. This gives RUC from November 1 to January 1 to do its work, which should be sufficient.

Sincerely,

Danny McInnis

Johan,

From my experience with the DDC committee, I would like to submit the following schedule for consideration for implementation by all committee chairpersons to work by for the unification of committee work and submissions of that work.

Also, from my work on the Rulebook, I would like to suggest that it be part of the procedure at Congress meetings to be sure to get addresses and phone numbers of elected members as well as verify this information for returning members to the board and committees.

Danny McInnis
